### Your Opinion Counts!

A feature of the GRO-o-gram is to collect current opinion of educators. Every GRO-o-gram includes a polling question regarding a current education topic.

#### Current Question:

Do the new MMR ([Multiple Measurements Ratings](#)) provide a clearer picture of school success than the previous AYP (Adequate Yearly Progress) ratings?

Vote [HERE](#) to record your response and comments.

Results will be shown in real time on the [GRO Teaching and Learning Leadership Share Site](#). Results and comments from all poll questions will be archived, making the information available to GRO patrons as they influence decision making.
